

ADSB and Dynateq Partner to Integrate Advanced Gun Systems on the RABDAN FA-400

- EDGE Group's naval arm, Abu Dhabi Ship Building (ADSB), signed the agreement with Dynateq International on the sidelines of Euronaval 2024

EDGE Group entity ADSB, a regional leader in the design, construction, repair, maintenance, refit, and conversion of naval and commercial vessels, has partnered with Dynateq International (Dynateq), an innovator in high-performance weaponry and defence systems, to integrate advanced main and side gun systems onto ADSB's newly launched RABDAN FA-400 Fast Attack vessel.

The agreement was signed by David Massey, CEO of ADSB, and Charl Barnard, CEO of Dynateq, on the sidelines of EURONAVAL 2024, being held in Paris until 8 November.

David Massey, CEO of ADSB, said: "This agreement with Dynateq enables us to arm the RABDAN FA-400 with robust, high-performance firepower, aligning with our objective of delivering superior vessels to both local and global customers. This partnership represents a strategic step in preparing our fleet to meet the complex challenges of today's maritime environment."

Charl Barnard, CEO of Dynateq, said: "Our partnership with ADSB on the RABDAN FA-400 presents an excellent opportunity to showcase the precision and reliability of Dynateq's gun systems in an advanced operational setting, underscoring our commitment to quality and

performance. We are confident that our systems will add substantial capability to the RABDAN FA-400, supporting its mission success across a range of strategic applications.”

The RABDAN FA-400, equipped with Dynateq’s main and side gun systems, will be showcased at Naval Defence Exhibition & Conference (NAVDEX), which will be held in the Abu Dhabi National Exhibition Centre from 17-21 February 2025.
